

Chapter 1: Introduction Contents

- DigiLinX Dealer Setup 1-1**
- Manuals 1-1**
- Prerequisites 1-2**
 - Installer Requirements 1-2
 - PC Requirements 1-2
- Prior to Installation 1-2**
- Additional Hardware 1-3**
- How It Works 1-3**
 - Interface 1-4
 - Buttons 1-4
 - Areas of the Interface Screen 1-6

Chapter 2: Installing and Running DigiLinX Dealer Setup 2-1

- Installing DigiLinX Dealer Setup Version 2.3 2-1**
- Configuring the Network Interface Card (NIC) in Windows 2-8**
 - Disable the Wireless NIC 2-8
 - Setting the IP Address 2-9
- Running DigiLinX Dealer Setup 2-10**
- Configuring the NIC in Dealer Setup 2-11**
- IP and DigiLinX Tutorial 2-13**
 - IP Address and the Subnet Mask 2-13
 - Building a DigiLinX IP Network 2-14
 - Configuring the Home Network and DigiLinX 2-17

Chapter 3: Creating and Saving Projects 3-1

- Creating a New Project 3-1**
 - Discovering Devices 3-1
 - Updating Devices 3-2
 - Entering New Project Information 3-4
 - Adding Devices to the Project 3-4
 - Entering MediaLinX A/V Information 3-8
 - Entering ViewLinX Information 3-9
 - Entering MediaLinX Information 3-9
 - Entering SpeakerLinX Information 3-11
 - Entering TouchLinX Information 3-13
 - Entering ControlLinX Information 3-14
 - Entering DoorLinX Information 3-15
 - Entering TheaterLinX Information 3-15
 - Entering IP Speaker Information 3-16
 - Entering Media Server Information 3-17
 - Entering Panasonic IP Camera Information 3-19
- Configuring your project for International Languages 3-20**

Saving Your Project	3-21
Chapter 4: Matching Devices	4-1
Connecting to DigiLinX	4-1
Restarting the Wizard	4-2
Updating StreamNet Devices	4-3
Opening a Project	4-4
Matching Media Servers	4-5
Matching Devices	4-9
Chapter 5: Editing Devices	5-1
Editing Media Servers	5-1
Assigning Streams	5-3
Editing Streams	5-3
MediaLinX A/V	5-6
MotionXT Video Compression	5-8
Digital Video Recorder/ Cable Set-Top Box Source Types	5-9
ViewLinX	5-13
MediaLinX MLA101	5-19
MediaLinX MLA4000	5-24
MediaLinX MLA4000 Tabs	5-24
MLA4000 Info Tab.....	5-24
MLA4000 Slots Tab	5-25
MLA4000 Input Sensors Tab	5-26
MediaLinX Contained in an MLA4000 - Source Tab	5-29
ControLinX Contained in an MLA4000	5-30
Input Sensor Tab for a ControLinX Contained in a MLA4000.....	5-32
ControLinX and the Lutron RadioRA Lighting System.....	5-33
ControLinX and Aprilaire.....	5-36
ControLinX and the General Purpose Driver	5-40
ControLinX and HomeWorks.....	5-48
ControLinX and <i>NetStreams</i> Panorama.....	5-51
ControLinX and GE Concord Security System	5-55
ControLinX and Vantage	5-58
ControLinX and the Generic Lighting System	5-62
ControLinX and Secant	5-65
SpeakerLinX	5-68
TouchLinX	5-79
Programming Hard Buttons	5-82
ControLinX	5-84
Input Sensor Tab	5-85
ControLinX and the Lutron RadioRA Lighting System	5-85
ControLinX and Aprilaire	5-90

- ControLinX and the General Purpose Driver 5-94
- ControLinX and HomeWorks 5-99
- ControLinX and *NetStreams* Panorama 5-104
- ControLinX and GE Concord Security System 5-109
- ControLinX and Vantage 5-112
- ControLinX and the Generic Lighting System 5-117
 - ControLinX and Secant 5-121
- DoorLinX 5-125**
- TheaterLinX 5-129**
- IP Speakers 5-137**
- Panasonic IP Cameras 5-142**
- Finalizing Device Edits 5-143**
- Chapter 6: Sending Configuration 6-1**
 - Sending Configuration Using the Dealer Setup Wizard 6-1**
 - Finishing the Project 6-2
 - Sending the Configuration Without the Wizard 6-2**
- Chapter 7: IR Tools 7-1**
 - Learning IR 7-2**
 - Testing Commands 7-8**
 - Erase IR 7-8**
 - Get IR Files 7-10**
 - Send IR 7-11**
 - Upgrade IR Firmware 7-12**
 - Reboot IR 7-14**
- Chapter 8: Subscribers and Groups 8-1**
 - Subscribers 8-1**
 - Adding Subscribers to a Service 8-1
 - Removing a Subscriber from Service 8-4
 - Removing all Subscribers 8-4
 - Removing Individual Subscribers..... 8-5
 - Editing a Subscriber 8-7
 - Groups 8-7**
 - Creating a Group 8-7
 - Deleting Groups 8-10
 - Editing a Group 8-11
- Chapter 9: DigiLinX and IP Addresses 9-1**
 - Introduction 9-1**
 - Setting Static IP Addresses 9-1**

Configuring the DigiLinX System	9-2
Add DigiLinX Devices to the Project	9-5
Configuring the Home PC Network	9-6
Chapter 10: Using PDAs with DigiLinX	10-1
Requirements	10-1
Procedure	10-2
Chapter 11: Favorites	11-1
Understanding Macros	11-1
Basic Macro Process	11-1
Macro Guidelines	11-2
Creating Macros	11-3
Creating Favorites	11-7
Example Macros	11-8
Goodnight	11-9
Quick Party	11-9
Exercise 1	11-10
Exercise 2	11-11
Movie Time	11-11
Macro Actions	11-12
Audio Player Services	11-12
Control Services Actions	11-13
Intercom Services Actions	11-14
Rooms Actions	11-15
Source Services Actions	11-15
User Interface Services	11-18
Chapter 12: KeyLinX	12-1
Introduction	12-1
Wiring	12-2
Installing a KeyLinX with an Audio Port	12-3
Installing an IRLinX in a KeyLinX Configuration	12-3
Configuring in Dealer Setup	12-5
Defining Presets for KeyLinX	12-5
Downloading KeyLinX Firmware	12-5
Resetting the KeyLinX	12-6
Configure Using the KeyLinX Tab	12-6
Chapter 13: TheaterLinX	13-1
Adding TheaterLinX to the Project	13-1
.....	13-3

TheaterLinX Product tabs 13-4
 Programming IR with TheaterLinX 13-9

Chapter 14: Skins 14-1

Skins Interface 14-1
Selecting a Skin 14-3
Standard Skins 14-4
Designer Skins 14-4
Editing Skins 14-5
 The Color Pallet 14-5
 Color Pallet Help 14-6
 Selecting Skin Colors 14-7
 Saving Color Schemes 14-7
 Copying a Saved Color Scheme 14-8
 Color Combinations 14-8
Applying Skins 14-8
Resetting Colors 14-8
Cancel Changes 14-9
Sending the Configuration Files 14-9

Chapter 15: DigiLinX Streaming Music Manager 15-1

Step 1: Configure the SMM100 with *DigiLinX* Dealer Setup 15-2
 Adding an SMM100 to a Project 15-2
 Editing Information..... 15-5
 Assigning Streams 15-8
 Editing Streams..... 15-8
 Sending the Configuration 15-9
 Step 2: Configure the PC 15-9
 Enable the Guest Account..... 15-9
 Set the Workgroup to *NetStreams* 15-10
 Set the DNS and Gateway 15-10
 Step 3: Setting Security (if applicable) 15-12
 Step 5: Adding Cover Art 15-13
Installation Review Checklist 15-14
 On the PC:..... 15-14
 On the Network:..... 15-15
 On the SMM100: 15-15
 On DigiLinX:..... 15-15
Troubleshooting 15-15
Playlist Support 15-17
Ripping Music 15-17
 General Guidelines for Ripping Music 15-18
 Windows Media Player Example 15-18
 iTunes Example 15-18

Chapter 16: Playmates	16-1
Important Notes	16-3
Chapter 17: Using Static Menus	17-1
Chapter 18: IP Intercom	18-1
Settings	18-2
Intercom Groups	18-4
Creating a New Intercom Group	18-5
Intercom Menu	18-5
Monitor Menu	18-6
Sending the Configuration Files	18-7
Chapter 19: Troubleshooting	19-1
Stop Load	19-1
Troubleshooting Phase 1	19-1
Troubleshooting Phase 2	19-2
DigiLinX Dealer Setup Design Rules Check Function	19-2
Running the Design Rules Check Function	19-3
Troubleshooting Files and Logs	19-3
Creating a Shortcut	19-4
Creating a Net Debug Log	19-4
Diagnostics	19-5
Troubleshooting	19-6
Index	Index-1
Glossary	Glossary-1
