**NETSTREAMS ENTERS COMMERCIAL MARKET AND HIRES THREE REP FIRMS**

**Emergent Media Marketing, The Enright Company, and SYMCO Selected to Represent *NetStreams* in the Commercial Market.**

**AUSTIN, Texas – June 7, 2006 – *NetStreams***<sup>®</sup>, the global leader in IP-based Distributed Entertainment systems, today announced the appointment of three rep firms to drive sales of its products into the commercial market. *NetStreams* signed contracts with SYMCO to handle the Mid-Atlantic and New England states, Emergent Media for the Southeastern states, and The Enright Company to handle California and parts of the Southwest. Herman Cardenas – CEO for *NetStreams* expressed the Company's excitement about the addition of these three quality firms and stated that these manufacturer's rep firms would help *NetStreams* cultivate relationships in a variety of commercial venues for the specification of its audio/video/control products. "*NetStreams* has experienced phenomenal growth in the residential side of the market over the last few years, and we are now ready to offer the same unmatched price/performance and innovative solutions to the commercial A/V market."

"After careful analysis of the commercial market, we concluded that to be successful in the commercial installation market, we needed rep firms with expertise and dedication to that channel," commented Sophia Avery, Vice President of Sales for *NetStreams*. The appointment of these three rep firms follows the recent addition of Lewis Eig as Director of Commercial Products to the *NetStreams*' team.

IP-Based  
Distributed  
Entertainment  
Company

Handling the brand in the Mid-Atlantic and New England regions is New Jersey-based SYMCO, which will represent *NetStreams* in New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, West Virginia, Washington DC, Connecticut, Massachusetts, Rhode Island, Vermont, New Hampshire and Maine.

Florida, Georgia, North Carolina, South Carolina, Tennessee, Alabama, and Mississippi will be serviced by Georgia-based Emergent Media Marketing.

The California, Nevada, and Arizona, and Hawaii markets will be services by The Enright Company.

“*NetStreams* offers a variety of award winning, distributed audio, video and control products designed to scale from light commercial venues such as restaurants, bars and doctors offices to large commercial projects like convention centers, hospitals, hotels, amusement parks and more,” said Cardenas.

*NetStreams* entered the commercial market in January – 2006 and has already received strong demand for its IP-Based audio/ video/control products from commercial installers and specifiers. Its IP-Based point-to-multi-point solutions offer significant advantages over other solutions in performance, ease-of-use, scalability, and price.
